

# NEW GOLD PUBLICATIONS

AUGUST 1, 2021

## NEW GOLD PUBLICATIONS

We are pleased to share that the FLU GOLD manuscript on the estimated impact of maternal vaccination on influenza-related in-hospital mortality has been published as open access article in *EClinicalMedicine*, published by the Lancet. In total, 314 children with influenza-related mortality from 31 countries were included for analysis. We are grateful to all collaborators who have contributed to FLU GOLD.

Furthermore, we are happy to share that our RSV GOLD manuscript "Global respiratory syncytial virus-related infant community deaths" has been accepted for publication and will be published Fall 2021 in *Clinical Infectious Diseases*.

We are grateful to all collaborators who have contributed to RSV GOLD and FLU GOLD.

## RSVVW'21 - VIRTUAL CONFERENCE

On November 10-12, the ReSViNET foundation will host its 6th global RSV Vaccines for the World (RSVVW) conference, which will be held virtually. The event will focus on the burden of RSV, RSV immunology, the impact of COVID-19 on vaccine development, RSV clinical interventions, latest developments in RSV molecular virology and the perspective of low- and middle-income countries. Researchers and physicians from around the world are invited to join the discussion and share their knowledge. For more information and registration for the conference please visit the ReSViNET website: [www.resvinet.org](http://www.resvinet.org).

## UPDATING OUR WEBSITE

We are currently renewing several pages on our website [www.rsvgold.com](http://www.rsvgold.com). We also added a [Frequently Asked Questions \(FAQs\)](#) page, where you can find answers to the most common questions.
